

Southeast Missouri Lead Testing Areas

May 4, 2006

Screening Designation

- Universal Screening (High Risk)
- Targeted Screening (Low Risk)

As additional, more accurate data is obtained, Universal Testing areas may change. Re-evaluation areas will be assessed to further define zip codes that require universal or targeted testing. Updated maps are published each April and are available at:

www.dhss.mo.gov/ChildhoodLead/Maps.html

Please note any updates to your service area as it may change your requirements under statute. Please see area specific maps for Jackson County, Kansas City, St. Louis County, and Southeast Missouri for Universal Testing areas by Zip Code.

Universal Testing - Annual testing for children less than 6 years of age.
Targeted Testing - Medicaid children tested at 12 and 24 months. Annual screening questionnaire, testing based upon positive responses.
